

Test Engineer

About Rinicare

Rinicare specialises in Health Tech, and commits to make a meaningful difference to the lives of patients and clinicians. We build intuitive products using the latest technologies in hardware, software and artificial intelligence.

We are looking for a **Software Test Engineer**, working on our next generation of products.

You will be based at our Alderley Park office, which is the UK's largest bioscience campus, and be part of our in-house software team of 10+ people.

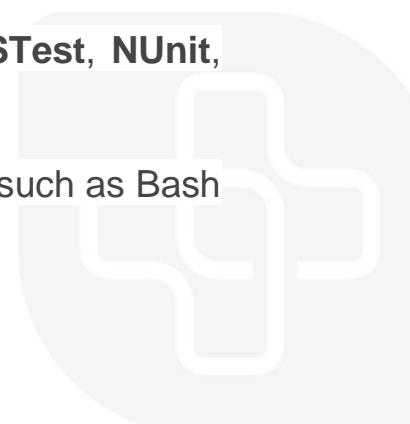

Due to the nature of the role and the industry we are in, the role is a challenging, interesting and varied one. You will;

- Implement and execute testing frameworks for existing and future tools & products.
- Put together unit and functional tests through native programming and scripting on multiple software and hardware platforms.
- Have a keen eye for detail with an aptitude for problem solving
- Ideally be experienced in multiple test frameworks, however training will be provided where necessary.
- Be a good communicator and able to work effectively in a team environment.

There will be significant interactions with our staff in Lancaster and Portugal. Salary and benefits are commensurate with your role and experience.

General Requirements

- Fluent in at least two of the following languages - **C#**, **Python**, Java or C/C++
- Experienced with unit test framework(s) such as **MSTest**, **NUnit**, Google Test, or equivalent
- Team player with an aptitude for problem-solving
- Familiar with Linux and common scripting languages such as Bash or Python

Desirable Skills

- Knowledge of testing automation
- Exposure to any of the languages / technologies below is advantageous;
 - Java, C/C++, Python, Bash scripting,
 - Exposure to web technologies – JavaScript, CSS3, Bootstrap & Angular
 - Exposure to Android test frameworks such as Robolectric, Mockito & Espresso
 - Experienced in cross-platform development
 - Familiar with GIT subversion control and Git-Flow

Benefits

- Competitive salary of **£30K - £40K**
- **25** Days Annual Leave
- Bank Holidays Off
- **Flexible** working hours
- Pension Scheme
- The campus provides a large number of activities in a peaceful, relaxing setting, see <https://www.alderleypark.co.uk/relax>
